

Lockable Fibre Enclosure

The Lockable wall box provides an ideal solution for secure patching in any location where a cabinet or other suitable enclosure is not available.

Manufactured from 1.5mm mild steel, the enclosure features two doors with locks and an interchangeable internal panel which is available for a wide range of adaptor types. Cable entry and patchcord exit is from the top or the bottom of the unit. Four knock-outs are provided [top and bottom] to suit common cable gland sizes.

The enclosure can be supplied loaded or unloaded and with optional fibre / splice management kits.

Cable Description	Product Code
Enclosure, 4 Way, ST, Wall Mountable, Loaded	WM-M-04-ST-04
Enclosure, 8 Way, ST, Wall Mountable, Loaded	WM-M-08-ST-08
